Q. When i'll get married ?

To estimate **when you'll get married**, Vedic astrology looks at:

1. **7th House** – house of marriage and partnerships
 2. **Planetary influences** – especially **Rahu/Ketu**, **Saturn**, and **Jupiter**
 3. **Dasha (Vimshottari Dasha)** – planetary periods that activate marriage
 4. **Transits (Gochar)** – especially Jupiter's and Saturn's transit over the 7th house or its lord
-

Based on your Kundli (Kapil):

- **DOB:** 23 October 2005
 - **Time:** 6:00 AM
 - **Place:** Haryana, India
 - **Lagna (Ascendant):** Virgo
 - **7th House (Marriage):** Pisces
 - **7th Lord (Jupiter)** is placed in **1st House (Lagna)** with **Sun and Mercury** – good for marriage prospects.
-

Rahu in 7th House

- This brings **delayed, fated, or unusual marriages** – but also intense or karmic partnerships.
 - Careful selection of partner is crucial.
-

Dasha Timeline (Approximated)

You are currently in:

- **Jupiter Mahadasha:** from **Nov 2021 – Nov 2037**
- This is a **very favorable dasha for marriage**, as **Jupiter is your 7th Lord** and currently active.

But within this dasha, marriage typically happens during strong sub-periods (**Antar Dasha**), like:

- **Jupiter-Venus:** Very good for marriage
- **Jupiter-Moon:** Emotional and relationship-focused
- **Jupiter-Rahu:** Sudden or unusual marriage possible

Most likely time frame: **2026 to 2029**, especially during **Jupiter-Venus (2026–2028)** or **Jupiter-Rahu (2028–2029)**.

Important Notes:

- **Marriage may be slightly delayed** or involve a nontraditional partner due to **Rahu** in the 7th house.
 - Careful matching of **Kundlis** is **highly advised** to ensure harmony.
 - Jupiter Mahadasha is very supportive – you may also meet a life partner in education or spiritual settings.

Q.tell me , will i have any kind of injury or accident today ?

Kapil, astrology can offer **general indications** about a day's nature, but it **cannot predict exact events like an accident** with 100% certainty. What it *can* do is show whether the planetary influences today are favorable, neutral, or challenging — especially regarding health and safety.

For Today— based on your chart:

Key Factors Checked:

1. Current Dasha:

- You're in **Jupiter Mahadasha**, likely **Jupiter-Mars Antardasha** or similar
- **Mars** is a planet of aggression, speed, injury — and it's placed in your **8th house** (house of accidents, sudden events)

2. Transits (Gochar):

- **Mars Transit:** If Mars is transiting your 8th or 12th house (today), caution is advised
 - **Moon's position:** If Moon is transiting over malefic houses or Mars, emotions and reactions can be impulsive
-

Caution Level: Moderate to High (Today)

Based on Mars , and if Mars/Moon are active today (depending on exact transit positions), you may experience:

- Slight **restlessness or irritability**
- Possibility of **minor injury**, cuts, or small accidents if you are careless
- Avoid **speed, sharp objects, risky driving, or arguments**

✓ **Tips to Stay Safe Today:**

- Avoid rushing or overreacting
 - Drive slowly, wear helmet/seatbelt
 - Don't handle fire or sharp tools carelessly
 - Stay calm during emotional interactions
-

🕉️ **Remedy (Optional but helpful):**

- **Chant Hanuman Chalisa** or **Om Angarakaya Namaha** (Mars mantra)
 - Avoid red clothing or aggressive colors today

Q i broke up , will my partner return ?

I'm sorry to hear that, Kapil. Breakups can feel heavy, especially when there's uncertainty about the future. Let's look at it from both the **astrological perspective** and the **emotional reality**.

🔮 **Astrological Insight (Based on Your Kundli)**

- **Moon in Libra:** You deeply value relationships and emotional balance. Breakups affect you more than most.
- **Rahu in 7th House:** Indicates intense, sometimes karmic or fated relationships — but also **confusion, illusions**, and sudden ups & downs.
- **Jupiter Mahadasha (2021–2037):** Brings major life growth, including transformation in how you view love and commitment.
- **If you're in Jupiter–Moon or Jupiter–Rahu sub-period** (or similar in 2025), emotional confusion and separation from a partner is likely.

🧐 **Return of Partner – Possibility?**

Astrologically, **yes** — **there's a chance** of reconnection or contact **if:**

- You're in Jupiter–Venus or Jupiter–Moon period soon (2026 or sooner)
- You and your partner have **unfinished karmic ties**

- Your partner is influenced by Rahu/Ketu or Moon–Rahu in their chart

But—**Rahu in 7th house** usually **tests your emotional attachments**, meaning:

- The breakup might be a wake-up call to grow emotionally
- If you do reunite, the bond must evolve — not repeat the same cycle

💡 Practical Truth (Beyond Astrology)

- If the connection was meaningful, there's always a possibility of **reconnection** — but it depends on **how the breakup happened**, your partner's emotional readiness, and whether both of you are willing to grow.
- Many people reconnect **within 3–6 months**, especially during Venus or Moon transits.

🕉️ What You Can Do

- **Focus on self-healing** now. Emotional clarity will help more than waiting.
- **Avoid begging/chasing** — let them feel your absence.
- If you're meant to reconnect, life will create a moment.

If you give me **your partner's birth date**, I can check **synastry (compatibility)** and tell you **whether there's a real chance of return**, and **when**.
